

A romantic scene of a bride and groom in formal wedding attire. The groom, with a beard and hair tied back, is wearing a dark tuxedo. The bride is wearing a strapless, dark, sequined gown and has a floral hair accessory. They are standing in a garden, surrounded by lush red roses and greenery. In the background, a stone pillar is visible. The overall mood is elegant and intimate.

WELCOME to ROCK THE WEDDING

Not everything has been written in the great book of weddings, and there is still an essential chapter to be written: your wedding. But organising a unique and special wedding is much more complicated than it seems, especially when you don't know the sector and you have to combine the organisation of the wedding with your social and working life.

We are so glad we can help you. We would love to guide you in this new world you have just entered, the world of weddings.

Our mission is:

That you enjoy the whole process, and that you do it the way you want to do it, either by participating actively, or leaving everything in our hands. It's your wedding, so you are the boss. Designing and creating from scratch the wedding you have always wanted. A bespoke wedding, very much your own, based on your tastes, hobbies and preferences.

- To make sure that both you and your guests enjoy your Big Day to the fullest. Remember that it is a unique and unrepeatable day, so everything has to be perfect and just as you had imagined it.

ROCK THE WEDDING

ABOUT ME

"It may sound cliché, but ever since I was a little girl I have dreamt about what it would be like to live my wedding day, where I would get married, what the decoration would be like, what theme I would choose, how I would wear make-up, if I would wear white, what song I would go into the ceremony with... everything that makes up a wedding nowadays.

I have always loved dreaming, dreaming big and imagining, because if there is one thing that has no limits it is imagination, and I have too much of it. I love to put on a good show and I am always organising and planning new things.

For this reason, I decided to create Rock the Wedding, to be able to use all my imagination to create original weddings, with a touch of madness, different, out-of-the-ordinary, glam weddings with a romantic touch. Because a beautiful and elegant wedding will always be a success, but what if we take it to a higher level and make it spectacular?

Welcome to the place where your dreams come true
